Meetings (all virtual)

Meetings were held each month beginning in January, 2023 through October. The agenda and minutes for all ten meetings are available upon request.

Actions/accomplishments

- The Committee performed an analysis of the utility of the new meeting and banquet format as directed by a vote of the membership of the academy at the 2022 Annual Meeting. The results of that analysis are outlined below:
 - The Attendance at the annual meetings from 2017 to 2022 was compiled and reviewed for trends. A complete compilation of data is provided on the attached spreadsheet.

Year	Attendance	Percent Change
2017	18	-
2018	19	5.55
2019	18	-5.55
2020*	22	22.22
2021	22	0.00
2022	28	27.27

*Meeting held by Zoom

- **Discussion** - The Committee found the results of the analysis as a positive change and a good trend. Over the analysis period, the increase in attendance is 55.6%. The expense of the meeting and banquet is about \$6000 annually. The benefit of the meeting include interaction with the coaches and student athletes, a much longer time for discussion, interaction and fellowship, and more time on campus.
- **Conclusion** - The Committee concluded the annual meeting format should be continued. The Board of Directors can plan the annual meeting moving forward with assistance of Susan Cochran and other members of the academy. The Annual Task Committee may be eliminated as a standing committee.
